### **Lego – Motorized Build Space Adventures**

**\$200**

Grades K-4

Students will learn about real-life space exploration and build a new model related to the NASA space program. Models include a satellite, a lunar module, a centrifuge which astronauts use to prepare for the physical sensations of launch, a treadmill which astronauts use to stay fit in space, and a ‘space robot’. During this unit, students will learn some of the science behind launching things into orbit, will hear about the most-distant man-made object in the universe, and discuss what it is like to be an astronaut in space. Are you a budding astronaut? An adventurer who loves space exploration?

**Teaching this is Bricks4Kidz.**

**Limited to minimum 8 students and maximum 25 students.**

### **Basketball Clinic**

**\$290**

Grades 1-2

The JCC Basketball Clinic will focus on developing and improving individual skills through drills, exercises and games. This is geared for those that are interested in playing for the SSDS travel team powered by the JCC when they enter 3<sup>rd</sup> grade. Players of all levels of experience and skill – including beginners – are invited to participate, learn and enjoy.

**Experienced JCC coaches and instructors will teach this course in SSDS Gym.**

**Note: Bring exercise clothes and sneakers.**

### **The Paint Box Presents “Welcome to the Greats”**
